

Not just your normal bottled water...

Awaken Holistic Hemp Water is Nano Water

treated with CBD/CBG, also known as cannabidiol (*it does not contain any intoxicating effects of THC*). The combination of pure Nano Water and CBD can have some impressive health and medicinal properties.

Awaken Holistic Hemp Water brings all these health and medicinal properties together into a convenient package. You can drink it straight or add it to other drinks or snacks.

Through Awaken's proprietary unique cellular transport system process, CBD is sized into tiny, nano particles, which then actually bond with water molecules. Nano-sized nutrient particle delivery is the most effective way to introduce nutrients in your body. This results in:

- ✓ 99.9 absorption into the body
- ✓ Higher potential to reach the cellular level
- ✓ Decreased time to action
- ✓ Better taste than many other CBD drinks

In addition, we infuse over 72 different essential vitamins, minerals and powerful glyconutrients to the formula. These extra ingredients further boost immunity support, recovery potential, and the overall antioxidant healing properties of this water.

Testimonials

"I have been taking the CBD water now for about two weeks and I am very pleased with the experience I have had so far. On top of my anxiety levels feeling significantly lower I am able to fall asleep much faster and wake up feeling more rested than I have in a long time. I would recommend this to anyone." – RICHARD W. | TEXAS

"I have suffered from intense problems with anxiety for the last 10 years. I have had to take medication on a daily basis to help me with this issue. While I hate taking this medication, it was a requirement for me to function; I have 3 children and need to be the best mother I can be. I was introduced to this amazing product and within 3 days of drinking the Awaken Water I was not only feeling dramatically less anxious, I was also having the deepest sleep I can remember since before I had children. After a week of drinking this product I decided to stop taking my medication, and to my delighted surprise I felt amazing. I literally feel like a new person! I would strongly recommend this product to anyone! I am so excited to see how I will feel in 2 weeks and into the future. I am so thankful to have this product in my life." – BROOKLYN W. | UTAH

"I'm 51 years old and have had sleep issues for at least the last 15-20 years. I've used many over-the-counter products. Most of them have helped me get to sleep, but I would be drowsy the entire next day. I need to be fully energized to operate my business. Sometimes I would even sleep 8-9 hours and still be tired. Since taking the Awaken Holistic Hemp Water I have had the best nights' sleep in over 20 years AND I wake up fully energized even if I have only 5-6 hours of sleep. This is the first product that I've been able to find that works the way that I need it to." – CHRIS B. | MARYLAND

"I experience severe chronic back, neck, and structural injuries and pain due to a car accident that permanently removed me from sports. After visiting some of the nation's most prestigious doctors, chiropractors, and specialists, I've learned to live with the pain I constantly experience and never let it hinder me from truly living life to the fullest. Regardless of mindset, the pain and damage has required me to spend tens of thousands of dollars each year on consistent chiropractic, massage, and acupuncture care to subdue—and eventually—eliminate my problems. Recently, I was exposed to Awaken Holistic Hemp Water and all the benefits it contains. During my first week using the product, I was traveling without chiropractic access. I was able to immediately recognize the relief the water gave me by simply becoming aware that my pain had gone away within the first 24 hours of consumption. I've now been consuming Awaken every day for the past 3 weeks and I've had no back, neck, or structural pain, along with sleeping deeper and naturally waking up earlier."
